So bring your “A” game, because our Lagoons Course is a fantastic Central Florida golf course that is a guaranteed fun and challenging nine.

Hole-By-Hole Overview

The Lagoons is our “short” course that’s long on fun. Be sure to bring your “A” game as it places a premium on wedge play and putting. It’s a great place to enjoy a “quick” nine.

Hole #1

The hole plays from 165 to 185 yards as a par 3 over water. Big hitters can leave their drivers in the bag or go for the green.

Hole #2

A par-3 that stretches from 124 to 131 yards; you’ll be challenged by the subtlety of the green.

Hole #3

Another risk-reward par 3 that plays from 116 yards. A long tee shot will require deft pitching.

Hole #4

The course gets a little longer on this hole playing from 345 to 360 yards. Again, your short must be at its best.

Hole #5

Want to “grip it and rip it”? Here’s your chance on this par-4 that plays 326 to 341 yards.

Hole #6

Like its predecessor, you can go for the green or play safe from the tee on this par-4 measuring 320 to 340 yards.

Hole #7

The longest par-4 on this nine, you’ll need a series of great shots for a birdie or par. The hole is 385 or 415 yards depending on the tees you select.

Hole #8

A fun short par-3 where birdies abound. It’s only 120 to 155 yards.

Hole #9

The finishing hole is also a great birdie opportunity at 135 to 145 yards.
