Our focus at Plantation is to ensure the health and safety of all golfers. While this year's guidelines are a bit unusual we have made a concerted effort to prepare a responsibly adapted protocol for this year only. Since golf is played socially distant the competition round changes are as follows: When you arrive at Plantation, you will be met by a masked attendant who will remove your clubs from your vehicle.

Registration will be located outside to the right of the clubhouse. Please wait 6 feet from the person ahead of you if you are in line. You do not have to enter the clubhouse unless you wish to use the restrooms.

Mulligans for "purchase a putt" (one for each nine) and "Beat the pro" are included in your entry fee.

You may purchase chances to win the pink ribbon made up of \$350.00 worth of scratch off lottery tickets. Cost is \$10.00 per chance. If you would like to participate in this, please try to have the correct amount. Good Luck!

Unfortunately we are not able serve beverages, so please bring your own. (coffee,tea,etc)

Carts will be located to the right of building spaced 12 feet apart. Your cart will have your name displayed on it, there you will find your score card, hole assignment, program as well as a goodie bag containing your sealed and wrapped continental breakfast, tee prize, mask, hand sanitizer and other gifts.

Pin will remain in hole, with the cup reversed for safety.

9 hole players may want to take advantage of the free bingo game while waiting for the 18 hole players to complete their round. This will take place outside of the entrance to the Pro shop near the sponsor board. There will be prizes.

A box lunch will be served to you in your carts after you finish the match. Winners will be announced and on the scoreboard outside the pro shop as well as virtual scoreboard on your phone or devices.

We ask that you wear masks if you are socializing.

Yes Ladies, this is a tournament like no other !!!
